# Which workshops did attendees find the most valuable?

Note: These results are not weighted by workshop attendance.

Which workshops did attendees find the least valuable?

Part 1
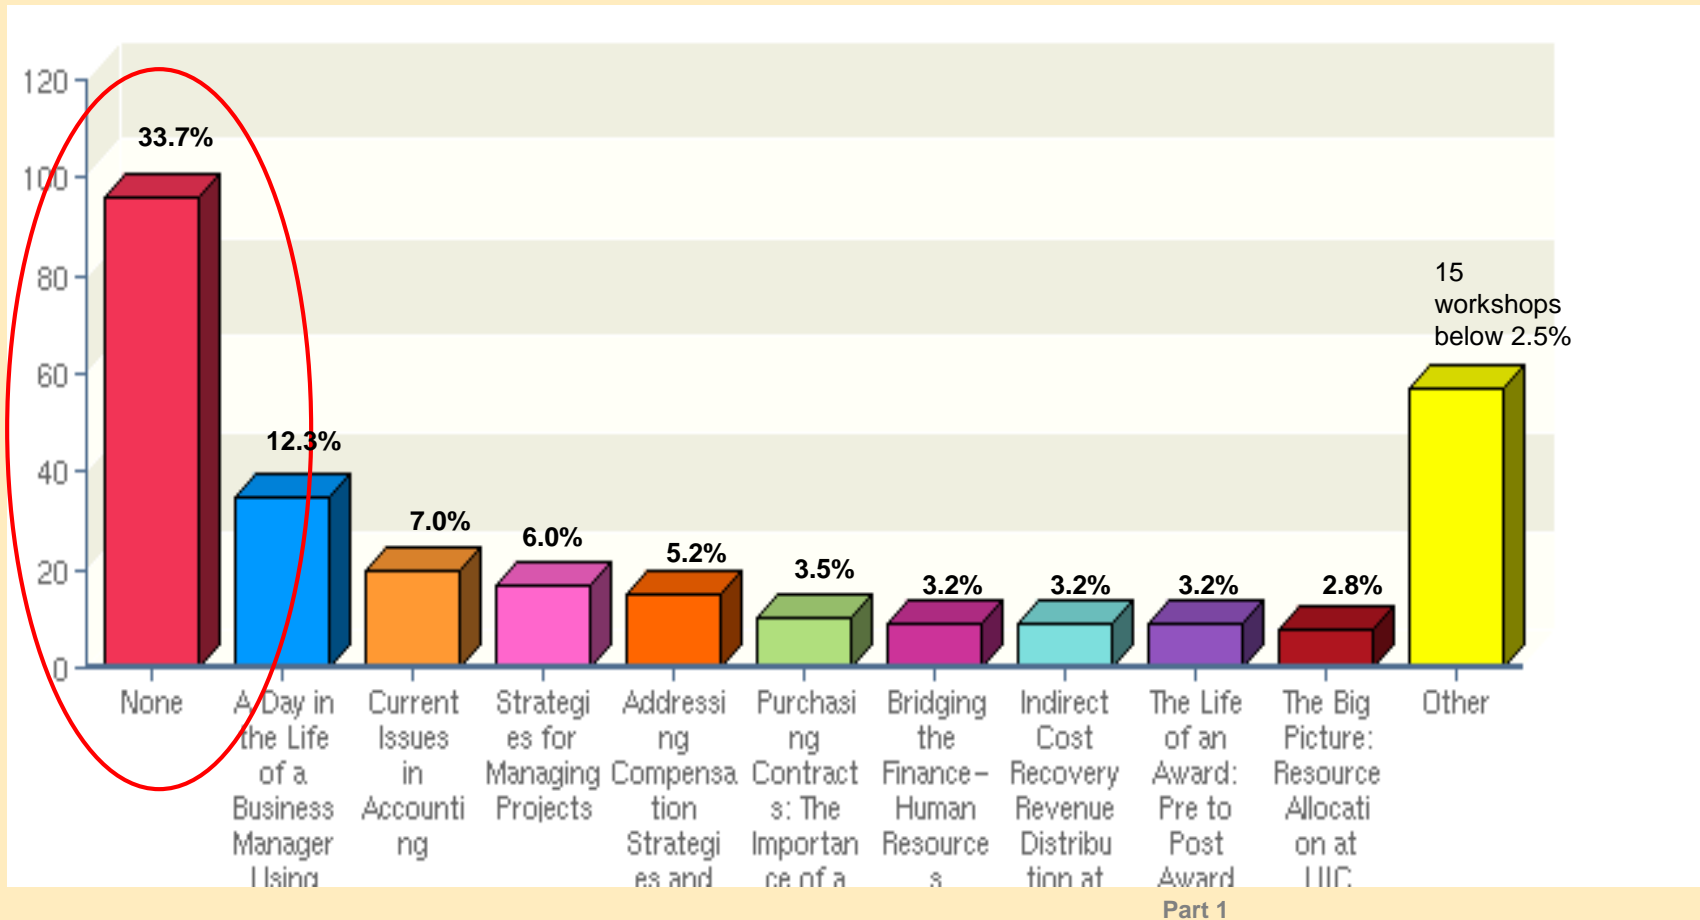

Note: These results are not weighted by workshop attendance. Also, the majority of the workshops on this chart, were also ranked as most valuable (slide 9) and/or as a workshop that should be repeated again (slide 16).

# Which type of workshop content did attendees find most valuable?
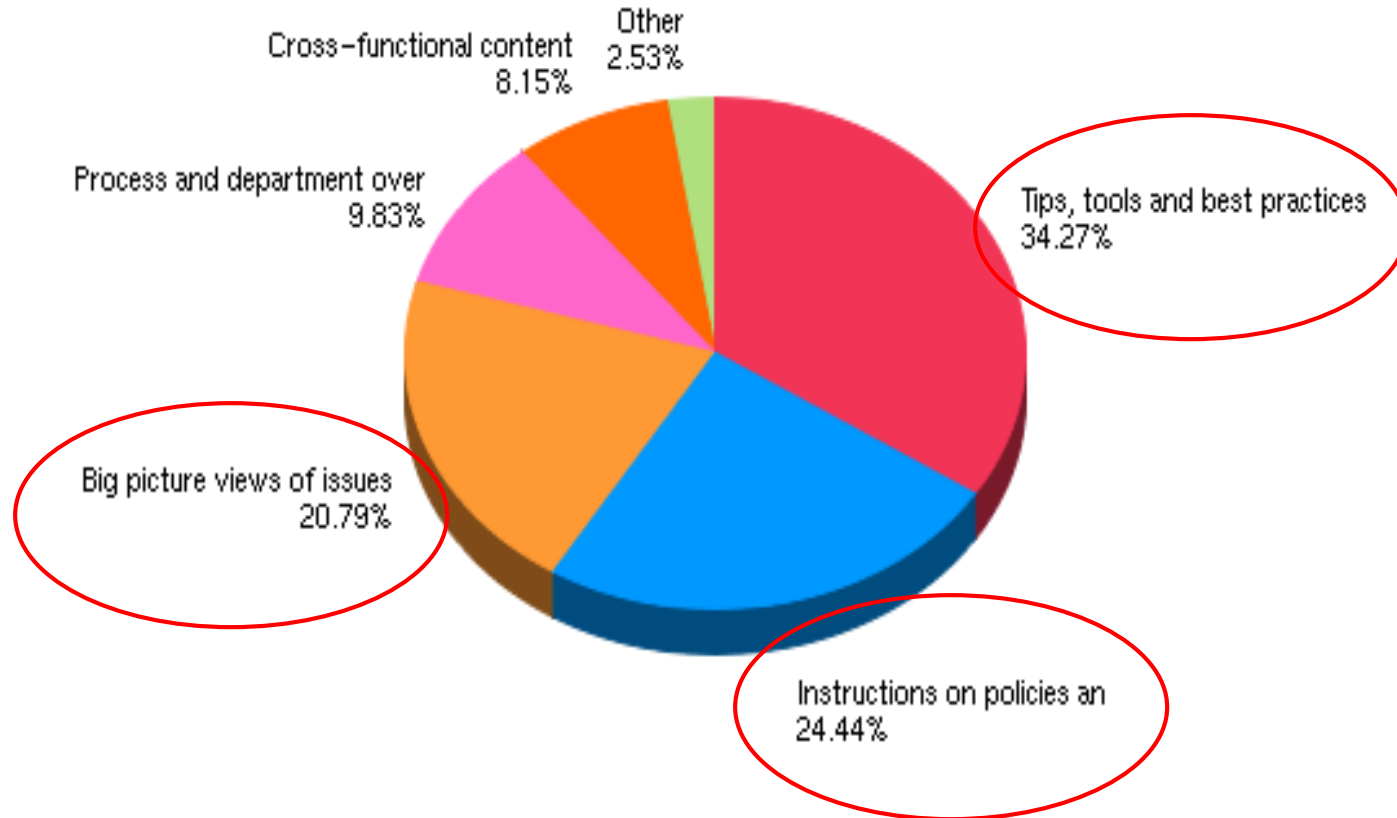

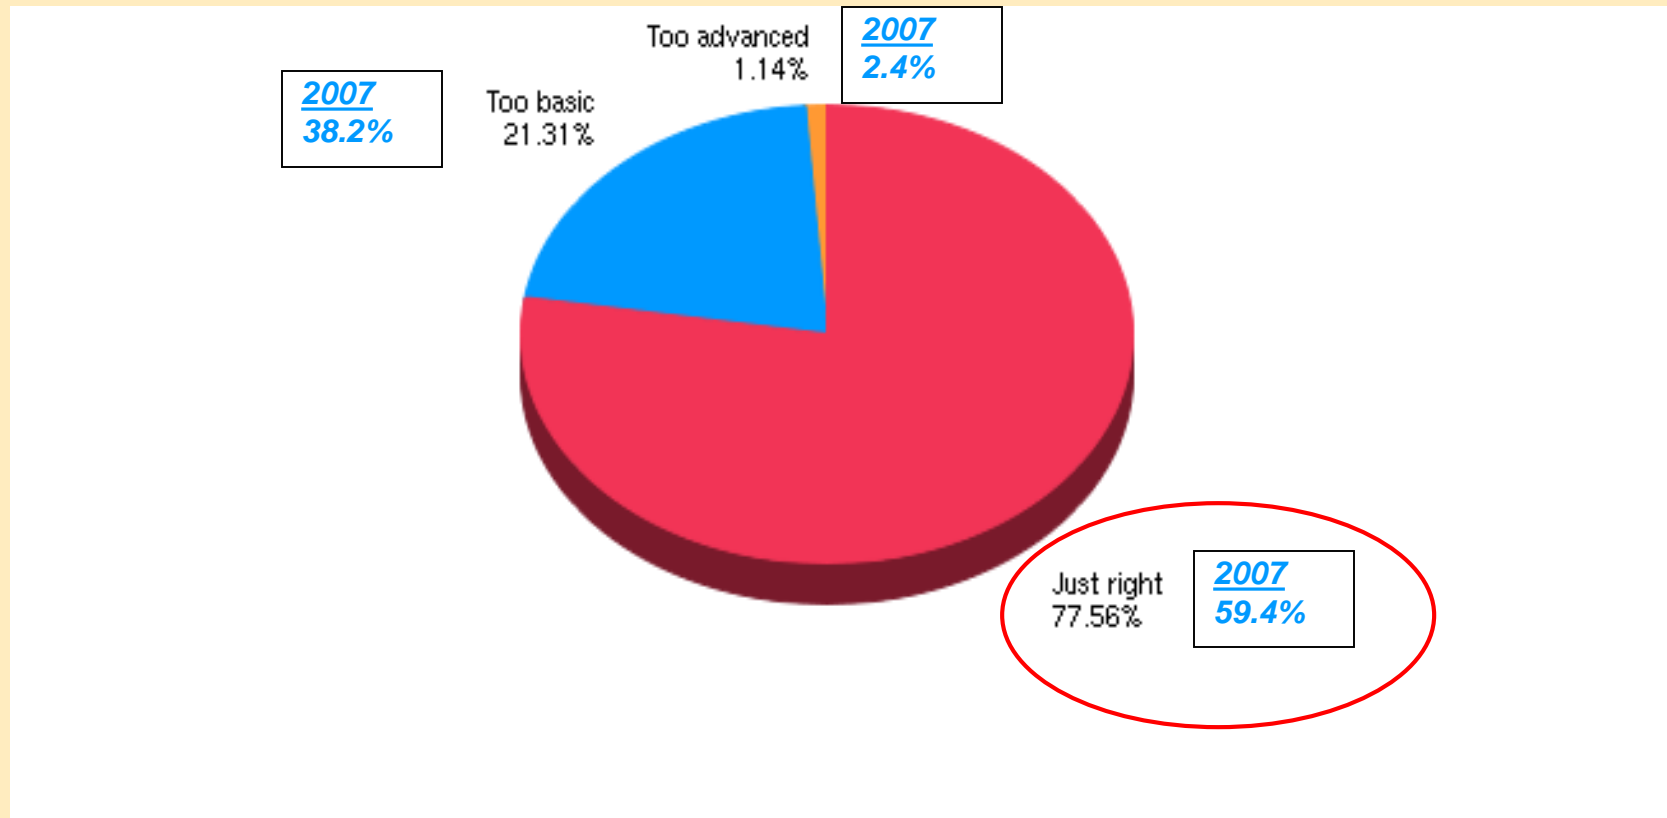

Which format did attendees prefer?

Overall, attendees felt the information that was covered in the majority of the workshops was:

Did we meet our goals?

| GOAL	YES!
Overall, did the conference offer opportunities to receive best practices, new knowledge, skills, tips and tools?	92.9%
Did the conference present you with ideas on different ways of doing business and/or creative solutions to current business problems?	80.1%
Did the conference offer enough cross-functional perspectives?	76.2%
At the conference, did you network with individuals in other departments and/or schools/colleges/administrative units besides your own?	87.0%
Did the conference offer you the opportunity to see the "big picture" perspective on issues and help you understand your contribution to it?	94.1%
The conference generally met my expectations.	95.2%

2007
87.4%

2007
76.0%
